Daily Skin Rejuvenation Collection - Sophyto
Credits: Sophyto

Rating for Sophyto skincare:

Sophyto has tapped into the [antioxidant](#)-laden, pore perfecting power of organic phytotherapy (the study of the use of extracts from natural origin as medicines or health-promoting agents) for their new all inclusive line.

Finally, there's a skin kit delicate enough for women, but suitably strong enough for men. This new gluten-free, organic skin kit supports the function of male skin key characteristics by using mildly acidic [pH \(4.5 - 5.0\)](#) formulas that help maintain natural protection against bacterial growth and irritation for both sexes.

The kit contains: the [natural glycolic foaming cleanser](#), a lighter than air mousse derived from orchard apples and raw sugar cane; the

[marine peptide brightening treatment](#), a frothy formula using the potent parts of organic desert aloe and rich green micro-algae to help brighten dull, sun-damaged complexions; tocotrienol super skin concentrate, a synergistic complex to nurture and repair UV stressed skin; the [multivitamin facial serum](#), a vitamin-enriched silicone free serum includes to help promote a healthier, softer looking complexion and [eye area](#); and [the omega daily moisturizer](#), a non greasy, soothing botanical hydrator which hydrates complexions, reduces fine lines and wrinkles. It can be used around the delicate eye area and works great as an after-shave!

This is a must have kit to manage to cleanse, tone and moisturize for both sexes and it couldn't be easier to throw into an overnight bag.
